MEMORANDUM FOR: [REDACTED] Project AQUATONE

SUBJECT: Receipt of P. I. Equipment

4 only

1. This is to inform you that five Bausch & Lomb Air Force Stereo Viewers have been received by this office from Project AQUATONE.

2. One of the five stereo viewers is to be returned because the optics on the right-hand side have flaws and are misaligned. The serial number of the defective viewer is EA-161.

3. Per telephone conversation with [REDACTED] this date, [REDACTED] of HTAUTOMAT will see that the crated instrument is given to your courier for pick-up and delivery to the manufacturer. I assume that appropriate notification of the defect will be accomplished through your office and it is requested that the instrument be serviced and returned as soon as possible.

[REDACTED]
Executive, HTAUTOMAT
